

A Resolution By the  
South Carolina Joint Council of Fire Service Associations  
To  
Ensure Cohesion Of Plans and Strategies

WHEREAS, it is the mission of the Joint Council to allow the state associations serving the Fire Service to get together to exchange ideas, improve mutual understanding, and to coordinate their efforts so far as may be practicable for maximum effectiveness; and

WHEREAS, the rapidly changing business and governmental environment that the fire service currently experiences demands rapid communication and decision making for proactive resolve; and

WHEREAS, the expression of a common and unified fire service voice is highly prized for legislative and policy efforts; and

WHEREAS, regardless of the individuals status, rank, or alliance, the issuance of value statements and opinions must be structured and democratically directed; and

WHEREAS, the Joint Council strives to ensure our future as a respected profession;

BE IT THEREFORE RESOLVED, by the members of the South Carolina Joint Council of Fire Service Associations, comprised of the South Carolina State Association of Fire Chiefs, the South Carolina Firefighters' Association, the South Carolina International Association of Arson Investigators, the South Carolina Fire Marshals Association, the South Carolina Fire and Life Safety Education Association, the South Carolina Society of Fire Service Instructors and the South Carolina Professional Firefighters Association, that a unified focal point of consensus and direction be provided by the above named Associations and their delegates in the development and coordination of efforts and strategic plans.

Resolution Number 4, January 20<sup>th</sup> 2010
